## PROFILE

I hold a BA in Theatre Arts with an Emphasis in Acting from California State University Fullerton, 2007. I have a colorful background working with children on and off the stage; ranging from costume entertainment at birthday parties as various princesses and cartoon characters. To performing in educational school tours with facilitated post show feedback sessions for the students. To becoming a Teaching Artist/Children's Theater Director at the Award Winning Town Hall Kids Theatre Education Program in Lafayette, CA (2009-2012). Using the fundamentals of performance I strive to inspire young people to creative self-expression through the theatre arts.

## EXPERIENCE
